Freeze Drying Eggs & Dairy

It's true! You can easily freeze dry eggs to save money on rising egg prices. You can even freeze dry them raw to use later as cooking ingredients. When stored properly, they have a shelf life of 15 years.

Preserve Your Garden Harvest

Every year we plant a garden and every year we produce much more than we can eat or preserve. We gave so much away. Our freeze dryer now makes it possible to eat our own fresh produce in the middle of the winter!

Spy the Avocados

You can freeze dry avocados! They're just as perfect as when they were fresh. This is a game changer, considering how quickly avocados ripen and spoil! And, rehydrated they make the perfect guacamole.

Main Features

Easy Operation

User programmable control
LCD touch screen
One-key start
Automatic/manual dual modes

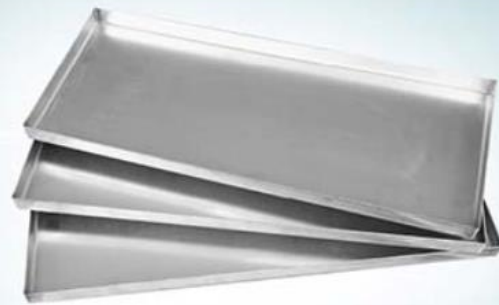

Password Protection

Only authorized user can log into control system for setting and modifying recipes according to different products to be freeze dried

Food Safety Assurance

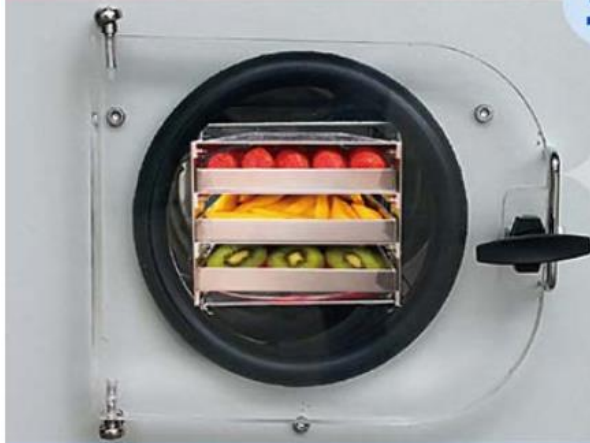

GMP standard
Food grade materials
SUS304 chamber and trays

Plexiglass Door

25mm thick large clear door for easy observation of freeze drying status
Low temperature resistant to achieve -70°C

3

Silent Premium Vacuum Pump at Users' Option

40-50dB low noise, low heat and long life.
Automatic Run/Stop controlled by PLC system of the freeze dryer

4

HOW IT WORKS

© SENOVA COPYRIGHT
版权所有 盗图必究

simply place food on the trays and press start.

Everything is automatic. Freeze dryer will beep when finished.

Place finished food in an airtight container with an oxygen absorber.

Specifications

NovaDryer-HF Series(-40°C)

Model: HF100

Heating Method: Thermostatic Shelf Heating

Tray Area(m²): 0.12

Tray Size(WxDxH,mm): 145x275x20

Tray Qty. (PCS): 3

Tray Space (mm): 43

Max. Load Capacity(Kg): 2

Icing Capacity (L): 2

Compressor: Single

Vacuum Pump Type; Direct-drive Rotary Vane Oil Vacuum Pump (#68/#100 Vacuum Pump Oil)

Cold Trap Temperature(°C): -40(RT<25°C)

Temperature Sensor: PT100

Extreme Vacuum Degree(Pa): 10

Refrigerant: R404a

Total Power(Kw): 0.75

Power Consumption (Kw/Hr):0.55

Environmental Temperature: ≤25°C (Freeze drying time may Increase if higher than 25°C)

Dimensions (WxDxH,mm): 510x660x765

Packing Size(WxDxH,cm): 89x89x101

N.W.(main unit)/G.W. (Kg): 53/135

Power Supply: 200-240V/50Hz (Optional: AC 200-240V/60Hz, AC103-127V/60Hz)

Weight of vacuum pump and all the accessories is not included in N.W.

Accessories

Standard Vacuum Pump

Premium Vacuum Pump

SUS304 Tray

Non-stick Silicone Food Mat

Optional Accessories

Vacuum Solenoid Valve

Vacuum Inlet Dust Filter

Vacuum Outlet Smoke Filter
