

LogEt 1 Temperature Data Logger Single Use PDF Report USB Port 16000 Points (WHO PQS approved and Emirates approved)

LogEt 1 is a single-use temperature data logger with an internal NTC thermistor. The simple design makes LogEt 1 a perfect choice for cold chain management processes.

Elitech LogEt 1 with LCD screen display, single-use 3.6V lithium battery that lasts for 2 years and simple data management software, provides flexible ways to monitor, ship and store temperature-sensitive products.

Obtaining recorded data has never been this easy. With Elitech LogEt 1, you can download data in PDF format via the USB port.

Key Features:

- Single-use temperature data logger with LCD screen, easy to set up via Elitechlog software.
- A large memory capacity of 16,000 readings, auto-generated PDF report
- Highly sensitive with a resolution of 0.1°C
- A wide range of temperature (-30°C~70°C/-22°F~158°F), accuracy $\pm 0.5^{\circ}\text{C}/\pm 0.6^{\circ}\text{F}$
- Easy to operate, IP67 waterproof
- 1-year warranty.

• Temperature measuring range: -30°C~70°C/-22°F~158°F
• Resolution: 0.1°C, 0.1%RH
• Temperature accuracy: $\pm 0.5^{\circ}\text{C}$ (-20~+40°C), $\pm 1^{\circ}\text{C}$ (other)
• Humidity measuring range: 0%~100%
• Humidity accuracy: $\pm 3\%$ (20%~80%), others $\pm 5\%$ (under 25%)
• Sensor type: Internal NTC thermistor
• Memory capacity: 16000 readings (MAX)
• Log interval: 12min
• Alarm threshold: Optional, up to 5 thresholds
• Data interface: USB port
• Report type: PDF format
• Battery: single-use lithium battery
• Battery life: 2 years (stored and used under normal temperature environment)
• Dimensions: 9.5 (L)*5.2(W)*0.8(H) cm
